

Agenda:

Addison County Regional Planning Commission

Act 250/Section 248 Committee

February 4, 2015

1. Call to Order
2. Discuss and make recommendations for intervention for New England Clean Power Electric Transmission Link application to lay a power line under Lake Champlain. Application proposes to install a 1000mw power line 3-4 ft under the lakebed through the Towns of Ferrisburgh, Panton, Addison, Bridport, Shoreham and Orwell in the Addison Region.
3. Review and make recommendations for response to any solar applications currently before the Public Service Board:
 - 1/9 application for a 30kw array for personal use at 18 Lemon Fair Rd. in Cornwall. (Staff recommends no intervention)
4. Other business
5. Adjourn
