

Agenda:

Addison County Regional Planning Commission

Act 250/Section 248 Committee

March 11, 2015

1. Call to Order
2. Discuss and make recommendations for review of 50 lot subdivision in the City of Vergennes. (May fit criteria for “substantial regional impact” (a). May affect the following regional resources - carrying capacity of Rte 22A, may increase students in Union School District, and the capacity of the Vergennes-Panton Water District to serve existing customers.)
3. Discuss and make recommendations for review of a 380 sq ft warming hut in Ripton at the Rikert ski touring center. (Staff Recommends no action)
3. Review 45 Day Notices/applications and make recommendations for response for the following Solar Arrays:
 - 2/9 – 45 day notice for a 350 kw net metered array adjacent to an existing 150kw array next to the VSP barracks in New Haven on Rte #7.
 - 2/26 - 45 day notice for a 500kw group west of Rte #7 and north of the American Legion in Vergennes.
4. Other business: VT Green Line project and results of committee’s TDI questions.
5. Adjourn
